RFNOW Inc. is seeking applications from motivated individuals to join our **Construction and Maintenance team**. The successful candidates will be involved in the day to day operations of our Construction and Maintenance departments. We currently have laborer and operator roles to fill.

This is an opportunity to work in a growing organization joining a team that will have variety in their day to day duties.

RFNOW Inc. is a successful, dynamic organization with opportunities to grow and specialize in a number of areas within the field of technology and construction including: broadband wireless communication, fibre optics, network architecture/maintenance, directional drilling, cable plowing, line locating, tower building, residential and commercial service connections, heavy equipment operation and maintenance.

Qualifications/Essential Skills/Requirements:

- Excellent communication skill both verbal and written
- Some knowledge of Fibre Optic/Microwave Installations would be considered an asset
- Experience with heavy equipment for underground construction (backhoe, cats, drilling, hydrovac) would be considered an asset but willing to train suitable applicants
- Construction/Landscaping experience
- Be mechanically inclined
- Be able to push/lift 75lbs
- Be Flexible with work hours
- Safety Shoes
- Be physically fit to work outdoors
- Be responsible, punctual and have a good attendance record
- Must have two references from previous employers
- Must be safety conscious
- Must be able to understand instructions
- Must be able to work in a team and independently
- Class 1 license preferred

Job Details:

- Full Time
- Benefits package
- Salary according to qualifications

If interested, please contact Todd Lobreau (204-522-5738) for more information or forward resumes detailing your qualifications to todd@rfnow.com.
